The most popular songs by emerging Canadian artists according to all-format airplay audience impressions measured by Nielsen BDS and digital sales data compiled by Nielsen SoundScan. To qualify for this chart an artist must a) be Canadian and meet the CRTC 'A' definition (music or lyrics principally performed by a Canadian artist) and b) the selection must qualify as Canadian content (CanCon). Artists are considered emerging until 12 months after the date their first Canadian Hot 100 charting entry reaches the top 40. Artists that pre-date the Hot 100's June 2007 launch are judged on the historic CRTC regulations for Hit and Non-hit. Once an artist has a title disqualified on these points, their entire catalogue is disqualified. ● Titles showing an increase in overall points over the previous week, regardless of chart movement. ♣ Indicates CanCon. ©2009, Nielsen Business Media Inc.

Country duo the Wilsons are bubbling under the Canada Country and Canadian Emerging Artists chart with their debut single, "Stick Together."

The band is fronted by two former solo artists.

Kortney Kayle, who hails from the Kitchener, Ontario, area, released two singles early in the decade on Lyric Street Records following a move to Nashville. There she met fellow Canadian David Wilson, another recording artist who moved south, and they hit it off. While honing their musical talents, Kayle landed a role on the ABC daytime show "One Life to Live." In 2006, the now-married couple decided that in order to spend more time to-

"Stick Together," co-written by Wilson and Dan Serafini, is the first single and video from a planned album release through Open Road Entertainment. The couple is featured on the CMT Canada TV series "Meet the Wilsons." The show, which premiered in late September, focuses on their struggle of balancing family life with the pursuit of

their musical career.
